SUMMARY

A front-end developer who enjoys building web applications in JavaScript (React) and hands-on user experience (UX) design. Has over four years of experience optimizing frontend performance for web and mobile. Skilled in **HTML5**, **CSS3**, **JavaScript**, **TypeScript**, **React** and **Redux**.

WORK EXPERIENCE

Frontend Developer | Operto Guest Technologies | July 2021 - Sep 2023 |

Vancouver, Canada *Exclude May to July 2023 from the employment period.

- As the sole frontend developer, led the implementation of UI and frontend features using **React** and **TypeScript**, sharing knowledge with team members.
- Web UI renewal and mobile app implementation for high-priority projects, significantly enhancing user experiences.
- Developed UI libraries using **React** and **Material UI**, optimizing workflow through component **reusability**.
- Created frontend **best practices documentation**, enhancing team efficiency.
- Built a payment setting system connecting **Salesforce** and **Stripe** to the core system using **React** and **Java**.
- Full-stack development, including backend **Restful API** construction.
- Constantly wrote **unit tests** using **Jest** and **React Testing Library** so that at least **80%** of the code is covered per file.

Front-end web developer | EsiHome Technologies Inc | February 2021 - July 2021 |

Vancouver, Canada

- As the primary engineer, responsible for all frontend functionalities using **React**. Shipped features such as login, attendance, report and photo gallery.
- **Balanced quality and efficiency** in code through detailed discussions with a designer.
- Pixel-perfect implementation of designer-created visuals using **CSS**.
- Designed web service architecture
- Effectively eliminated misunderstandings within the team by clearly illustrating architecture and sharing with the CTO.
- Managed tasks flexibly from planning to operation despite limited resources.

React Native Developer(Freelance /Remote) | Singan, Inc | August 2020 - September 2020 | Tokyo, Japan

- Developed a community service based on Mattermost, an OSS; targeting cancer patients under 39, focusing on frontend implementation with **React Native**.
- Coded following a comprehensive design layout in Adobe XD.
- Created forms and communicated and displayed them with the database in **AWS lambda**.

Front-end Developer(Contract) | COS Educational Consulting Inc. | May 2020 - September 2020 | Vancouver, Canada

- Led the planning and implementation of web pages using **HTML, CSS, JavaScript**, and **WordPress** for the owned media "HoikuPedia" based in Vancouver, Canada.
- Communicated closely with the CEO to understand the issues the company was facing and put ideas into a concrete plan.
- Analyzed the website using Google Analytics to determine what needed to be improved.
- Created a comprehensive design layout using Figma.

Full Stack Engineer(Freelance /Remote) | Greenspoon Inc.| May 2020 - July 2020 | Tokyo, Japan

- Developed an email notification system for regular subscribers of GREEN SPOON's vegetable smoothies using **PHP Laravel, HTML**, and **CSS**
- Coded according to Sketch's comprehensive layout

Web Designer | Xing Corporation | March 2018 - March 2019 | Tokyo, Japan

Web Designer | Self-Employed | May 2016 - July 2017 | Tokyo, Japan

Executive Assistant | Yahoo Japan Corporation | August 2017 - February 2018 | Tokyo, Japan

Sales Lead | Retty Inc.| May 2015 - April 2016 | Tokyo, Japan

System Administrator | NTT DATA Getronics Corporation | April 2014 - May 2015 | Tokyo, Japan

EDUCATION

Web and Mobile App Development Diploma | Cornerstone International Community College of Canada | 2019 - 2020 | Vancouver, BC

Bachelor of Literature | Kyoto Women's University | 2010 - 2014 | Kyoto, Japan
