SUMMARY

A frontend developer who is passionate about building web applications in JavaScript (React) and also hands-on User Experience (UX) design. Has gained over two years and a half of experience optimizing UI performance for web and mobile. Skilled in HTML5, CSS3, SASS, JavaScript, React, and Reudx.

WORK EXPERIENCE

Front-end web developer | EsiHome Technologies Inc | February 2021 - Present | Vanvouer, Canada

EsiHome Technologies build cloud-based services for small or medium businesses such as daycare centers to improve operational efficiency, increase profitability

- Built a web app to communicate with teachers and parents at a daycare center using React.js
- Designed web service architecture
- Shipped almost every feature such as login, attendance, report, and photos
- Translate design layouts into code
- Managed tasks in Jira

Front-end Developer(Contract) | COS Educational Consulting Inc. | May 2020 - September 2020 | Vancouver, Canada

COS Educational Consulting Inc.is a study abroad agency. It offers recruiting / immigration services to local partners

- Created a new webpage using HTML, CSS, JavaScript, and WordPress for an owned media for people who want to nanny in Vancouver.
- Created a comprehensive design layout using Figma.
- Converted more than 600 data in the spreadsheet to JSON files and displayed them on a web page for users to easily and intuitively understand.

React Native Developer(Freelance /Remote) | Singan, Inc | August 2020 - September 2020 | Tokyo, Japan

Singan Corporation is a company that builds web and mobile applications. My position was completely remote.

- Built a Slack-like community service for people under the age of 39 with cancer using Mattermost, an OSS; I was responsible for building a mobile app using React-native.
- Created forms and communicated and displayed them with the database in AWS lambda.
- Communicated closely with teammates in Slack and got work done on time despite the time difference with Japan -Managed tasks in Github assignments.

Full Stack Engineer(Freelance /Remote) | Greenspoon Inc.| May 2020 - July 2020 | Tokyo, Japan

Greenspoon Inc. is a Japanese startup company that offers high-quality fresh smoothies via e-commerce. My position was completely remote.

- Built a payment emailing system using PHP Laravel, HTML, and CSS
- Communicated closely with teammates in Slack to get work done on time, despite the time difference from Japan
- Managed tasks in Asana

Web Designer | Xing Corporation | March 2018 - March 2019 | Tokyo, Japan

Web Designer | Self-Employed | May 2016 - July 2017 | Tokyo, Japan
